Suonosoft

sound-absorbing panels

LA ``PALETTE`` - SUONOSOFT
Voi decidete la forma, noi vi proponiamo le
soluzioni per dare vita alle vostre idee.

THE ``PALETTE`` - SUONOSOFT
You decide the shape, we offer you the
solutions to make real your ideas.

La Palette dei Pannelli Suonosoft

Marvinacustica, con più di 40 anni di esperienza nella produzione di soluzioni per il comfort acustico degli ambienti, propone ai progettisti diverse soluzioni per realizzare i pannelli fonoassorbenti più adatti allo stile dell'ambiente. Pannelli rivestiti con i migliori tessuti per l'arredamento, soluzioni portanti a vista, sistemi di fissaggio a parete o a soffitto, fissaggio magnetico o pannelli divisori autoportanti.

Tutte le versioni possono essere personalizzabili in forma-dimensione-finitura-colore. Voi decidete la forma, noi vi proponiamo le soluzioni per dare vita alle vostre idee.

The ``Palette`` Sound-Absorbing Panels

Marvinacustica, with over 40 years of experience in the production of solutions for acoustic comfort, offers to designers various solutions to create the most suitable sound-absorbing panels according to the style of every ambient. Panels covered with the best fabrics used in furnishings could be installed using wall, ceiling, baffle and magnetic fixing systems and also in free-standing version. All versions can be customized in shape-size-finishing-color. You decide the shape, we offer you the solutions to make real your ideas.

APPLICAZIONI

I pannelli fonoassorbenti sono il prodotto ideale per correggere il riverbero all'interno di locali dalle diverse destinazioni d'uso: ristoranti, pizzerie, bar, uffici, sale riunioni, hall, reception, stanze per l'ascolto della musica, studi professionali, sale d'attesa, reparti produzione, ecc.

I trattamenti fonoassorbenti sono stati testati all'interno del nostro laboratorio e su richiesta possiamo fornire le schede dei test acustici.

ANALISI INIZIALI - MISURE FONOMETRICHE

Siamo in grado di fornire un servizio completo composto dalle seguenti fasi:

- Rilevazione acustica con strumentazione fonometrica certificata;
- Studio della soluzione;
- Progettazione tecnica;
- Realizzazione di sistemi integrati per l'isolamento acustico.

UTILIZATIONS

Suonosoft Panels are the ideal product to correct the problems of reverberation.

Adaptable to any building type: restaurants, pizzerias, bars, offices, meeting rooms, lobby, listening rooms, music rooms, professional offices, waiting rooms, etc..

INITIAL ANALYSIS – SOUND MEASUREMENTS

Marvinacustica provide a complete service:

- MEASURE the noise with high precision instruments.
- STUDY THE SOLUTION.
- TECHNICAL DESIGN.
- MANUFACTURING of acoustic systems.

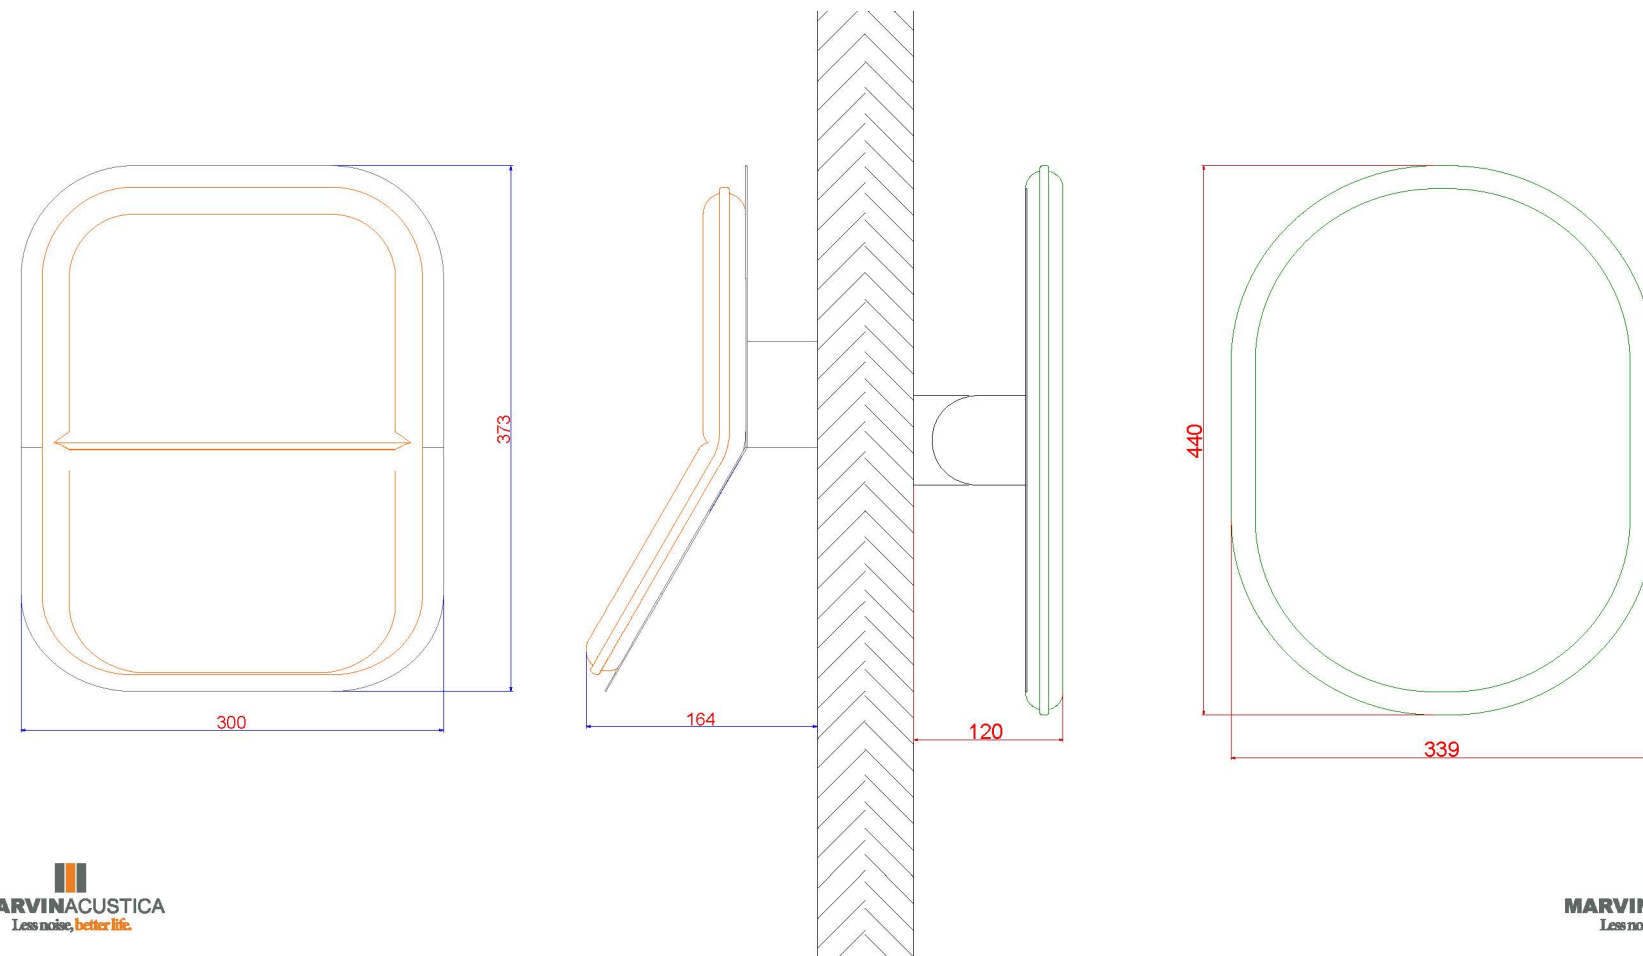

Tasto

Suonosoft Lamp
Design by Luigi Siard

Tasto Lamp
L. 30 cm
H. 37 cm

A. 0,24 m²

Potenza Luce 11,5 w
Flusso Luminoso 1600 Lumen
Doppia emissione Luce sopra e sotto

Prodotto Vincitore del VENETIAN SMART LIGHTING AWARD 2021 sezione Migliore lampada per uso speciale

Morse

Suonosoft Lamp
Design by Luigi Siard

Morse Lamp
L. 34 cm
H. 44 cm
T. da 3 cm
A. 0,28 m²

Potenza Luce 11,5 w
Flusso Luminoso 1600 Lumen
Doppia emissione Luce sopra e sotto

MARVINACUSTICA con ELESÌ LUCE realizzano «Morse» e «Tasto».

L'utilizzo di materiale fonoassorbente, di colori vivaci e l'integrazione di sorgenti LED bianchi, o con RGB, danno rilevanza a questa applique nata nell'ambito di un progetto di riqualificazione di un reparto di pediatria.

Il suono e la luce condividono diverse leggi fisiche e un sistema che agisce su entrambi permettendo all'utente di adeguarle alle proprie esigenze è molto interessante.

Il tema dei pannelli fonoassorbenti viene risolto in chiave di linguaggio, forme e cromie domestiche, attente alla dimensione della versatilità funzionale.

Light Power 11.5 w
Luminous flux 1600 Lumen
Double light emission above and below

MARVINACUSTICA with ELESILUCE produced «Morse» And «Tasto».

Using sound absorbing material with bright colors and integrated white LED lights, or with RGB, the sconce becomes relevant. In the context of the renovation project of a Children's hospital.

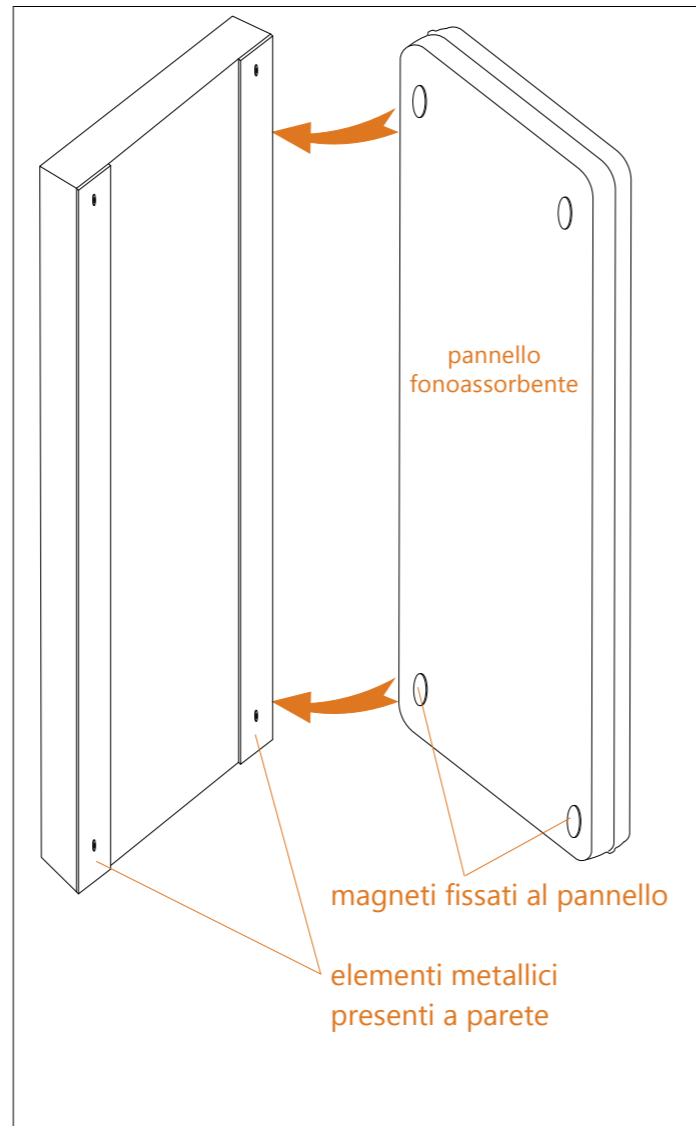

Light and sound share many physics laws and it's interesting to offer a system that interacts on both, allowing users to adapt it to their own needs.

The theme of sound absorbing panels is resolved in a language key, in domestic shapes and colors that care about the size of functional versatility.

Fissaggio meccanico removibile / Mechanic fixing

Fissaggio magnetico removibile / Magnetic fixing

Il pannello Suonosoft è un prodotto confezionato a mano, pertanto a seconda della dimensione può avere tolleranze dimensionali fino a ± 10 mm.
Suonosoft panels are custom made panels - tolerance up to ± 10 mm.

Legenda / Legend

Nome = nome del pannello / Name = panel name

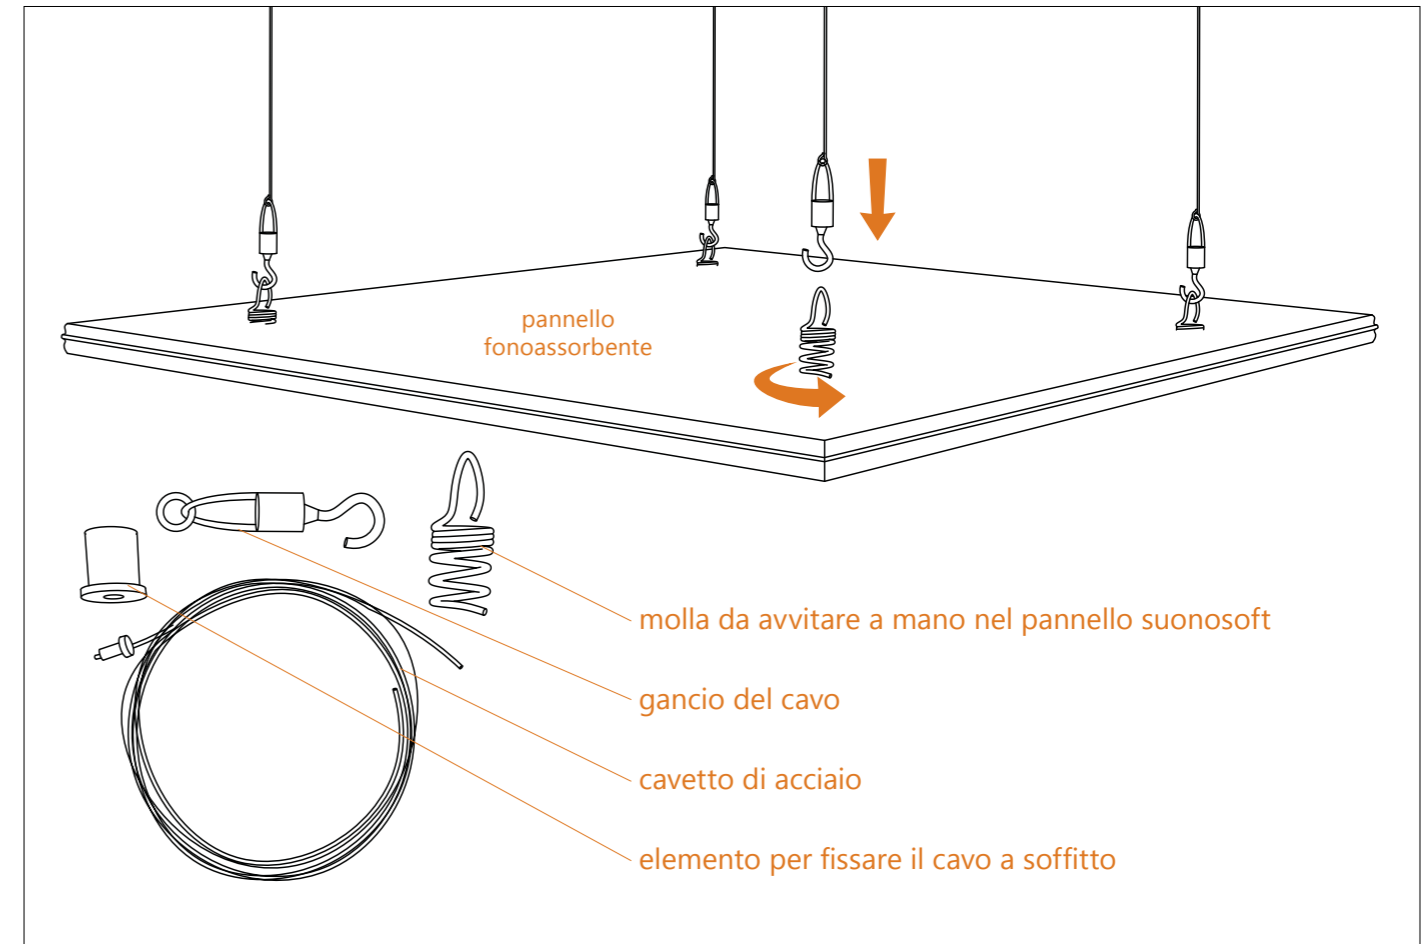

L. = larghezza (tolleranza ± 10 mm) / L. = width (tolerance ± 10 mm)

H. = altezza (tolleranza ± 10 mm) / H. = height (tolerance ± 10 mm)

T. = spessore (tolleranza ± 5 mm) / T. = thickness (tolerance ± 5 mm)

A. = area / A. = area

Fissaggio meccanico removibile / Mechanic fixing

Personalizzazione dei formati

Le sagome degli articoli Suonosoft sono ritagliate da un pannello rettangolare con misura 1000x2000 mm. All'interno di questo formato puoi richiedere altre misure ed altri soggetti che siano più adatti al tuo progetto d'interni. Dimensioni maggiori su richiesta.

Marvinacustica mette a tua disposizione diverse soluzioni tecniche ed estetiche per realizzare il pannello fonoassorbente disegnato da te.

SUONOSOFT – pannelli fonoassorbenti morbidi con finitura in tessuto, sfoderabili, lavabili e sanificabili. I pannelli della linea SUONOSOFT sono testati per la resistenza al fuoco, sono realizzati da materiali riciclati e non hanno collanti.

Custom shapes

Suonosoft panels are cut from a rectangular panel dimension 1000x2000 mm. Custom shapes on request.

Marvinacustica offers you various technical and aesthetic solutions to create the sound-absorbing panel designed by you.

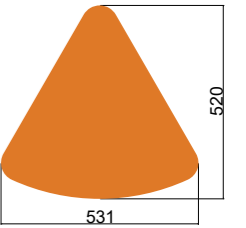

SUONOSOFT – soft sound-absorbing panels fabric covered, removable cover, washable, easy to sanitize. SUONOSOFT panels are fire resistance tested, made from recycled materials and contain no adhesives.
